## Property Description

Great family home with three living areas and ample outdoor space for the kids to roam and an approximately 1200 sq. ft workshop for storage and/or your projects. Approx. 648 sq ft of the total square footage is in the finished basement, where you will find the third living space and two of the five bedrooms. The large sunroom includes a partitioned Hot tub room. A recently renovated kitchen has new countertops, sink and a new range & hood. The home also has new Anderson windows, and Class IV roof and HVAC unit.

If you are looking for a home with a country feel, but close to town, this home is located right outside the city limits of Dalhart!
