Property Description

This beautiful home has four living areas that offer many options and space for friends and family. The front living area could easily be used as a formal dining area. The house offers a chef's kitchen with a great breakfast nook and a large island with seating for four. All bedrooms are spacious and offer a cozy space for today's large bedroom furnishings. Both the front and back yard are lovely with many perennial plantings that have been carefully groomed by the present owner. Two additional storage buildings offer a great space for a "she-shed" or "man-cave."
