Property Description

This property won't be on the market long. Completely turnkey—just move in your furniture. You will have plenty of space with the three bedrooms, two bathrooms, a two-car garage, and ample storage. But let's talk about the kitchen for a moment! A massive island is the focal point in this open-concept space. The tremendous amount of storage adds to the functionality, while the granite top is aesthetically appealing. The granite is carried throughout the kitchen, bathrooms, and utility room. New flooring and paint enhance the appeal of an already perfect house. Cozy up with the fireplace on winter nights and cool off in the above-ground saltwater pool during the summer heat. Make sure you notice all the small details, such as the barn doors, pot filler faucet, self-closing back door, dimming lights, and pull-out cabinet shelves. You need to see this one for yourself; not enough can be said to truly do it justice. Schedule your private showing today.
